

## BIG ROLLING MILLS

Chicago Man Here to Locate Them if Possible in Paducah.

It is Claimed that the Weekly Pay Roll Will Be Several Thousands and Dollars.

### THE MATTER NOT YET DECIDED

Mr. J. H. Soory of Chicago, a man well known for his success in locating big industries in suitable places, is at the Palmer, and is in Paducah on an important mission.

He desires to locate in Paducah a large rolling mill employing several hundred men, and the weekly pay roll of which will be several thousand dollars.

Mr. Soory was here recently to investigate the advisability of locating a big wagon factory here, and is satisfied that a better place than Paducah could not be found for the rolling mills.

He would not talk this morning, but it is learned from other sources that Paducah stands an excellent chance of securing the big mills if the proper inducements are offered. What these inducements are is not given out, but it is understood Mr. Soory is to meet the bankers and representatives of the Commercial club today some time.

The projectors of the enterprise, it is understood, have been considering the advisability of locating the mills at Birmingham, Ala., but Paducah was found by Mr. Soory to be much the better place.

## CIRCULATING PETITIONS.

A HOT FIGHT IS TO BE WAGED FOR AND AGAINST THE COW.

It is understood that the residents of the first ward, the ward represented in the council by Councilman J. E. Potter, who has put forth a vigorous fight for the town cow, are circulating several petitions to the council and board of aldermen in favor of killing the ordinance. There are four petitions out. All the signers who are not cow owners have been influenced by their friends, who saw a cow, in sign up. It is understood that there will be several petitions sent in from the railroad yards and a vigorous fight is on. This will probably be one of the hottest fights ever conducted in the council, and is watched with interest. It was reported that Mayor Yeiser would veto the measure if passed by both boards but he said that he had not signified any such intentions. He did remark to the writer, however, that he had "twice before killed it" by a veto.

### DEATH ENDS A LONG ILLNESS.

Miss Lillian, the twelve year old daughter of Mr. and Mrs. W. J. White, died this morning at the family residence on North Eighth street, between Harrison and Clay from tuberculosis after a long illness. She was a bright and lovable child, and had many friends. Mr. and Mrs. White have the sympathy of many in their sad bereavement. The funeral will take place tomorrow afternoon at 4 o'clock, at the Catholic church burial at Mt. Carmel.

### HUSTLED TO FRANKFORT.

Taylorville, Ky., June 7.—In the case of Thomas Jewell, charged with killing Nathan Broner, the jury returned a verdict of two years in the penitentiary. Rumors of a mob being rife, Jewell was placed on a train and on his way to Frankfort in less than half an hour after the trial and verdict.

### ADDED TO OUR POPULATION.

Dr. Coyle, the city physician, was called to the city hall this morning about 4 o'clock to attend a Miss Darnell, claiming to be from Greenfield, Tenn., who arrived here on the 1:30 train and repaired to the city hall, where she requested a physician. The mother was removed to the city hospital, where the child was delivered.

## TRAIN HIT A BUGGY

Fatal Accident Last Evening on the Illinois Central Railroad.

Marion Cole Killed and Ned Parker Fatally Injured Near Pryorsburg, Graves County.

### DON'T SEE APPROACHING TRAIN

There was a fatal accident yesterday afternoon late at the road crossing a half mile below Pryorsburg, Graves county, Ky., a small station on the Illinois Central road below Mayfield.

The accommodation train No. 121, running between Louisville and Fulton, in charge of Conductor Hunsaker, Engineer Baker and Fireman Lough, struck a buggy driven by Messrs. Marion Cole, aged 40, and Ned Parker, aged 87, both of Wingo, Ky., killed the former instantly and fatally injured the latter, besides killing the horse and completely demolishing the buggy.

The men had attempted to cross the track as the train bore down upon them and were caught in the middle of the track. At this place the crossing is obscured by a high embankment and the men could not be seen by the engineer, who had blown his whistle and given every signal of warning. When the buggy was first seen Engineer Baker shut off steam, applied the air, and did everything possible to stop the train but to late. Cole was instantly killed and Parker was thrown several yards from the track and his injuries will prove fatal if they have not already done so, on account of his old age. The coroner's inquest had not been held at last accounts.

## HANGED IN EFFIGY

J Pierpont Morgan Excites the Wrath of the Coal Mine Strikers.

Disappointment Because the President Will Not Meddle.

Wilkesbarre, Pa., June 7.—The hanging in effigy of J. Pierpont Morgan in the streets of South Wilkesbarre by a crowd of men and boys was the only incident to mar the stillness of Wyoming Valley this morning. After the effigy had been hung the crowd pelted the object with stones and cheered until the police dispersed the several persons that made up the throng.

All the mining towns surrounding the city are quiet. News from Washington that President Roosevelt could not find his way clear to take a hand in bringing peace between the miners and operators was received with disappointment. It had been strongly hoped that the president would be able to find some means of opening up the way to peace. Today marks the end of the fourth week of the total suspension of the coal mines, and the miners and their employers are further apart than ever.

### TO SETTLE THE STRIKE.

New York, June 7.—A new plan is being discussed for settling the strike of anthracite miners. It is along different lines from any hitherto tried. Some of the leading operators are said to be in favor of the scheme. It is proposed to appoint a committee which shall go to the mines and investigate the conditions and try to effect a settlement. There are four matters to be considered, one of which is the weighing of the coal. President Mitchell, of the United Mine Workers, is said to have discussed the plan and is alleged to be willing to waive the question of reorganization of the union card. Some slight concessions will be made on the other side.

Mr. and Mrs. Bert Fisher of Chicago left at noon today for home, after a week's visit. They were called here by the death of Mrs. Fisher's father, Captain W. W. Phillips.

## WEEK'S NEWS IN THE BUSINESS WORLD.

Clearings this week \$767,240  
Same week last year 624,635  
Increase 42,605

The business at the banks the past week was heavy in volume, showing a nice increase over last year. The business last year was very heavy, but this week's, as has been the rule every week save one this year, shows a substantial increase. This can be taken as a good index to the heavy business being done in Paducah, and the percentage of increase over last year, as shown by cash week, evidences that trade is expanding in a good, healthy way.

Wholesale trade is still a little quiet in some lines, yet the year's totals, so far, are very satisfactory. Collections are fair.

The Flourney Tobacco company re-

port excellent trade with their capacity oversold. The growth of this concern has been steady and substantial, and as a result orders have already been placed for machinery, which when installed will double the capacity of the plant.

The Lack Singletree company report bookings of over \$60,000 of orders for goods for their new season, which starts July 1. All the local manufacturing establishments report satisfactory business with good bookings.

Retail trade is very good for the season of the year.

Work on the Cairo road is progressing very well. Local retail stores are getting some good orders out of the contractors for the road, one hardware house sending out, the past week, a good shipment of stoves, utensils and sundries.

## AFTER MANY YEARS

Dr Elson is Here Looking Over Old Scenes—Great Changes.

He Was For Several Weeks Confined in the Baptist Church Hospital.

Mr. R. Elson, a dentist of Wooster, O., is in the city on a visit and is one of the most interesting visitors the city has had for some time. He was here during the civil war and was in the First Baptist church, then used as a hospital, for more than four months, suffering from a wound received at Vicksburg.

He was a federal soldier and can relate many interesting stories of the war. He had not been in the city since that time and came in to see how much Paducah had grown. Dr. Elson says that there are only three places here that look the same as they did when he was here during the war and they are the church, wharf and the market place. He is much surprised at the rapid growth of the city and says that it is the coming metropolis of the state.

During his stay here he was made an assistant surgeon in the church hospital. He desires to take a few souvenirs away with him, and today has visited veterans of both the blue and the gray.

## NO APPOINTMENT.

MUCH INTEREST IN THAT OF A NEW CHIEF CLERK.

There has been no appointment to the office of chief clerk to the local master mechanic yet, and the local employees are looking forward with interest to the appointment. There are several good men in the local office who are capable of holding the position, but it is the general opinion that a Chicago man will be sent here, or that the appointment will come from Chicago, and will not be left to the local officials.

## UNKNOWN TRAMP

A Freight Train Wreck Near Boaz Results in One Death.

A Section Broke in Two and Then Came Together.

There was a small wreck at Boaz station this morning about 4 o'clock in which one man, an unknown colored tramp, was killed.

The third section of the freight train No. 188, in charge of Conductor Bocher, Engineer Claibell and Fireman Camp, broke in two at Boaz and came together and engine No. 588, dead, which was being brought with the train to the city, was rammed into the end of a box car. Several cars were badly wrecked but no one was injured except the colored tramp whose head was crushed into pulp. It is not known how he was riding but it is supposed that he had been under the cars near the engine. The negro wore overalls and was not an employee of the road, as he was not recognized by any of the train crew. The train was en route to Paducah and was delayed several hours, the wrecked engine not reaching Paducah until about 7 o'clock this morning. The remains were buried near Boaz.

### CASE AT BARDSTOWN ENDED.

Bardonia, Ky., June 7.—In the case of the Bloomfield Turnpike Co. against Nelson county, the jury found for the defendant. The case was one of wide interest and was hotly contested by both sides.

## REPORT ON SCHOOLS

Supt Hatfield Shows a Few Things About Our Local Schools.

Next Week Will Witness the Close of the Paducah Public Schools Until the September Term.

### PROMOTION CARDS GIVEN OUT

Superintendent C. B. Hatfield, in support of his report of the small expenditure of the local school board in comparison with other cities of larger population has prepared the following report taken from the report of the state superintendent, H. V. McClesney.

The average attendance at Covington, Ky., is 3,406, while Paducah's average attendance is 2,807, over two-thirds that of Covington, a much larger city.

The average salaries paid to teachers in Covington is average will amount to \$79,790.58 while here it is only \$26,372.33, making the per cent slightly less than one-third that of Covington.

The average salaries paid the teachers at Covington is \$38, while; colored, \$32. Paducah average teacher's salaries \$40, white; \$10 colored. The average salaries to principals in Covington amounts to \$121, while here it is only \$84. This will show that although the local schools are as fine as can be found in the state, considering the educational results, they expend less than any other city of its size in the state.

Today the teachers will be called together for the last general meeting of the year to receive instructions relative to the grading of the work done in the schools this year and making out of the promotions. The schools will be dismissed Tuesday afternoon for the remainder of the week, the pupils being called together on Friday morning to receive their promotion cards. Wednesday and Thursday will be used by the teachers in grading the work and making out the cards. On Friday the eighth grade commencement will be held and on the following Monday the commencement exercises of the graduating classes.

Prof. Norvel today ordered a \$32 set of books for the High school library. The books are "Character Sketches" and contain a short sketch of all the great characters in fiction and also in real life. It will make a valuable addition to the library and is something that has been needed for some time in the schools.

## PLAYED WILDWEST

Will Tubbs Fired His Pistol and Badly Frightened Many Residents.

Emptied His Revolver in the Vicinity of Court House and Was Arrested.

Will Tubbs, a young farmer from Perry county, Tenn., crazed with drink, created a stir on South Seventh street today at noon by his promiscuous shooting.

He pulled out a pistol near the Biederman grocery store, corner of Seventh and Washington streets, and fired into the air. He took no particular aim and the bullet went wild. He then proceeded down Seventh street to Clark and shot once between those streets. When he turned out Clark street he fired into Mr. James Wilcox's yard and then once again into the air. Jailer Jones, hearing the shots, went over to investigate and soon had Tubbs under arrest. The farmer used a .38 pistol and had one or two more loads in it. He badly frightened all the residents of that section. Telephone messages came in from all sides and the officials at the city hall thought that there was a general fight. Jailer Jones turned his man over to Officer Tom Orr who took him to the hall where he was locked up.

Mrs. Gus Tate and Mrs. Will Wright have returned from a pleasant visit to Mrs. Cullen Battle of St. Louis.

## ADJOURNED MEETING

Aldermen Concluded Their Work at Last Night's Meeting.

The Clerk to Employ Assistance at a Cost of \$300 a Year—Street Repairs.

### PAVEMENTS MUST BE IMPROVED

The board of aldermen held an adjourned meeting at the city hall last night with all members present.

The ordinance providing for a board of police and fire commissioners was given first passage.

The city attorney reported that in his opinion the place of an assistant to City Clerk Patterson could be created, judging from decisions, although he was not sure. The board after discussion decided that an ordinance was not wanted, and adopted a resolution that the city clerk be empowered to employ assistance at a salary of \$300 a year, the assistant to be subject to the discharge of the clerk, council or board of aldermen.

On suggestion of the Fidelity and Casualty company, which insures the city's electric plant boilers, the matter of new tubing was referred to the light and power committee with authority to act.

The report of the railroad, telephone and telegraph committee, that the Illinois Central be permitted to run over the post house property for \$500 was concurred in and the ordinance given first passage.

Mayor Yeiser was authorized to negotiate with H. B. Collier for the lease of nine feet of city property near Ninth and Ohio streets.

The board extended the time for completing the street contracts of E. O. Terrell to October 1.

Chairman Leigh of the street committee reported that about \$400 would be required for intersections of work already contracted for, and for gravel and other expenses, \$3,000, leaving a balance for street work not yet authorized of \$1,778. The report was received and filed.

It was ordered that Street Inspector Baker be given an office in the city's house adjoining the city hall when it is remodeled. Also that the inspector in each weekly report specify the amount of work done on each thoroughfare in order that a record may be kept.

The water company, on the proper requests, was ordered to extend its mains on Tenth street from Jones to Caldwell and on Ninth from Husbards to Elizabeth.

Upon complaint of President Nohla of bad places in the pavements Mayor Yeiser promised to have the street inspector order the property owners to repair them.

It was decided that the street inspector be required to keep regular office hours in order that people who have business with him may find him. The committee will consult him and ascertain what hours he desires.

An opinion of the city attorney states that the city clerk is required to copy ordinances, etc., only in his book of proceedings. The enrollment into the ordinance book must be done by the auditor. The report was concurred in.

The board then adjourned.

Mr. L. A. Washington of Gallopport, Miss., who is talked of as city engineer for Paducah, is expected tomorrow to spend a few days.

Walbridge, president of the league, and former Congressman Nathan Frank, chairman of the committee on conventions and entertaining. Jackson, Miss., June 7.—An evidence of the industrial growth of the state of Mississippi is found in a statement just issued by Secretary of State Power, in which it is shown that during the years 1900 and 1901 the aggregate capital stock of charters granted was \$26,480,500, as compared with \$25,644,000 for the four years previous. From this it will be seen that the record for the past two years was about \$1,000,000 more than for the four years prior to 1900.

### OF THE DARK VALLEY.

## Paine's Celery Compound

The Medicine That Saves Life and Restores Lost Health.

A merciful Providence still keeps the spark of life in thousands of wasted and feeble bodies. The faint, flickering spark will burn with decreased power as the hot days of summer approach. There is still hope for even those who are now catching glimpses of the dark valley. The use of Paine's Celery Compound during the month of June will at once arrest the progress of wasting diseases. It will strengthen the weak and inflamed nerves, rid the body of morbid waste material, make the blood pure, and give healthy action to the stomach, liver and kidneys. Nervousness, sleeplessness, rheumatism, neuralgia, liver and kidney troubles quickly vanish when Dr. Phelps' marvelous prescription is used. Mrs. Alice Terry Wood, 515 Highland street, Helena, Mont., says: "I can say to all that I believe Paine's Celery Compound a great medicine. I should have been in my grave if it hadn't been for the wonderful curing virtues of the Compound, and I can say to all who are tired and run down to try it, and they will find relief at once. My trouble was general weakness, lack of appetite and heart trouble. I have taken four bottles of Paine's Celery Compound and feel like a new person. Now I have a good appetite, do all of my work and feel well."

### PADUCAH'S NEW TRUST.

#### RESTAURANT KEEPERS RAISE THE PRICE OF "HAM AND EGGS."

The newest trust in Paducah is one that will probably not be cheerfully received by some classes. It is a combination just formed by the restaurant keepers to raise the price of "ham and eggs" to fifteen cents, five cents more than charged heretofore. It is understood that about all have signed an agreement to maintain the fifteen cent rate and while it will make little difference to those who eat at home, judging from the kicks of some of the farmers, it will place "ham and" in the list of luxuries.

A certified check for \$500 will have to be deposited as a forfeit should the contract be abandoned.

Architect Lassiter will probably finish the plans and specifications next week, and it is estimated that ground will be broken on the site at Ninth and Broadway about July 1.

### COOK COUNTY DEMOCRATS.

Chicago, Ill., June 7.—Politics bubbled up and over at today's annual picnic and love feast of the famous Cook County Democracy. Enthusiastic speeches were made, the speakers including Mayor Harrison of Chicago, Mayor Rose of Milwaukee and other prominent party leaders, but there was nothing about the addresses or about the gathering in general that might be construed as a launching of a Presidential boom. Issues were discussed and Democratic success predicted for 1904, but there seemed to be some difference about taking any pronouncement in favor of candidates.

#### ENCOURAGEMENTS TO MATRIMONY Cases Where Slight Provocation Caused an Epidemic.

It would seem that at times matrimony only needs to be encouraged to become epidemic. The mayor of a town in Southern France, not satisfied with the manner in which his young people were shying of marriage, offered a reward of 100 francs to every couple under the age of 74 who were joined in wedlock during his term of office. It cost the good mayor many hundreds of dollars, but the scheme worked, and young unmarried people became scarce in the community.

When the marriages in a certain Alsatian town fell below the average the authorities hit upon a curious inducement for tardy couples to seek the matrimonial altar. They publicly announced that all people who married within a certain time would be exempt from local taxation for a period of five years. A marriage fever swept through the town at once.

A well-known American nobleman was anxious to encourage matrimony among the peasants on his estate. He undertook to provide every bridegroom with tobacco for life and every bride with a pair of gloves once a year as long as she lived. This generous offer acted like a charm, and soon there was scarcely an unmarried man on the estate. Nearly every eligible male was in the enjoyment of domestic bliss.

### TO OUR LAUNDRY PATRONS:

We, the undersigned, American laundymen of Paducah, owing to the increase of materials, help, and the rapid enlargement of accounts and the difficult way of keeping them to the satisfaction of our patrons as well as ourselves, and the mutual annoyances in making collections, find it necessary to adopt a new system of dealing with our patrons, viz: to do a strictly CASH business. Therefore, on and after June 9, 1902, all packages of laundry must be paid for when delivered; and for the convenience of our customers and to make collections mutually pleasant, we will issue COUPON BOOKS at a valuation of \$1.00, \$2.00, \$3.00 and \$5.00, which may be had at our offices, or from our drivers, at a discount of 5 per cent. These books can be left at home and when the bundles are delivered the proper amount can be detached in settlement for the accounts, just as bread and milk tickets are now used and with the same satisfaction. So far as many of our patrons are concerned we regret to be obliged to adopt this plan, but as we cannot discriminate, we trust all will appreciate our position and this announcement. We feel assured that this will be the case.

### THE UNOBTAINABLE.

Roses red and roses white  
Plucked I for my love's delight.  
She would none of all my posies—  
I had to gather her blue roses.  
Half the world I wandered through,  
Seeking where such flowers grew;  
Half the world unto my quest  
Answered but with laugh and jest.  
It may be beyond the grave  
She shall find what she would have.  
Oh, 'twas but a idle quest—  
Roses white and red are best.  
—Hudyard Kipling.

### THE JUNE DAYS.

The "perfect days of June" are upon us and Society, doubtless, will elect to spend them variously, but just how, it is a trifle early to forecast. There is little talk of summer migrations, as yet, and if everybody stay at home there will certainly be no lack of informal entertaining. With so many charming suburban homes, which seem to be society's find this season, there will be doubtless many delightful house parties, which always contribute to the gaiety of social life. There is quite a revival of tennis just now, possibly its renaissance has been fanned into active life by the plug-ping craze of the spring, at any rate tennis is being played right along serenely oblivious to any heat. The literary clubs are not superior, however they have written, succumbed, and this week has seen the last of them safely packed, carefully sealed, moth-balled and camphor-sprinkled, and laid away marked "not to be opened until October." Verily, we are more careful of our minds than our bodies in summer. Active exercise is not tabooed, unless it be of the brain.

For the coming week there are few announcements, just now the motto is, "sufficient unto the day is the pleasure thereof," we do not look far ahead. "What so rare as a day in June," though they will soon be gone and they should not be allowed to pass away unmarked.

### A PRETTY WEDDING

#### AND RECEPTION.

A wedding of perfect charm in its simplicity of arrangement and beauty of effect was that of Miss Mira R. Gould and Mr. Loeffert Loefferts Beck of New York City, which was solemnized at Grace Episcopal church on Wednesday morning at 10 o'clock by Bishop T. U. Doolley of Louisville. The church was beautiful in Ascension lilies and the feathery asparagus vines. The exceeding popularity of the charming bride had brought many guests to witness the ceremony, and the number of dainty summer costumes and pretty women added to the attractiveness of the scene and testified to the social importance of the occasion.

The bride entered with her brother Mr. William T. Gould of New York City. She looked very lovely in a charming creation of white lace over chiffon and silk and a bridal bonnet

### ROSES.

The nshers were Mr. T. J. Flournoy, Mr. George Langstaff, Mr. J. D. Moequon, and Mr. William Bradshaw, Jr. The attendants were Master Eldridge Palmer of the city, and Master William Gould, Jr., of New York, nephews of the bride. Little Miss Mary Terry Burnett, the maid of honor, wore white with pink ribbons and carried the white prayer book from which the service was read. The best man was Mr. Muscoe Burnett of the city. The wedding music was delightfully played by Miss Jessie Nash. Following the ceremony a reception was held at the "The Ferns," the Gould home on West Clark, and one of the most charming in the city. Here under a marriage bell of lilies and vines in the hall, Mr. and Mrs. Beck received the congratulations and good wishes of many. The parlor, opening out of the hall, was affectively decorated in field daisies and mountain laurel from North Carolina. In the dining room sweet peas were the distinctive decoration, and they were used with charming effect. Delightful individual teas and cakes were served. Many congratulatory telegrams from the East and elsewhere were read.

Mr. and Mrs. Beck left at noon for the east, and will visit Niagara and other points of interest en route. They will spend the summer in an historic colonial mansion on the Hudson. They will make their winter home in New York City.

### MR. AND MRS.

#### RAWLS ENTERTAIN.

A charming social event was the party-dance given by Mr. and Mrs. W. M. Rawls on Friday evening from 8 to 12 at La Belle park dancing pavilion. It was in honor of their guest Mrs. W. H. Weed of Vincennes, Ind., who is quite an agreeable addition to Paducah's social life. The pavilion is an ideal place for entertaining on a warm evening, and Mr. and Mrs. Rawls are ideal hosts. Delicious orange phosphate was served throughout the evening. The guest list was unusually large and included:

### A BUSINESS MEETING

#### OF MAGAZINE CLUB.

The Magazine club met with Mrs. John P. Campbell of Broadway on Thursday morning in a business session. The officers for the ensuing year were elected. Mrs. John P. Campbell was made president, Mrs. J. C. Flournoy vice president and Mrs. A. S. Dabney secretary. A vote of thanks was tendered the retiring president, Mrs. B. E. Reed, who leaves soon for her new home in St. Louis. Mrs. Reed has been an efficient officer and an interested member and the club regrets her departure. Several amendments were made to the club's rules. The number of invited guests, exclusive of out-of-town visitors, allowed at each meeting was changed from four to six. A fine of twenty-five cents will be assessed any member absent without sending the hostess an excuse.

There will be a printed program for next year's work. This will contain the magazines used and the names of those reporting them, the club hostesses, and the rules in full.

In addition to the magazines the club will, next winter, have papers read on the early unwritten history of Kentucky, which will be an interesting innovation.

### A BROOKLYN, N. Y., WEDDING.

The marriage of Miss Nell Murrin, formerly of this city, but now of Brooklyn, N. Y., to Mr. John Kelly of New York, was quite a pretty wedding. It took place on Wednesday morning at 10 o'clock at the Church of the Sacred Heart in Brooklyn. The bride wore white silk, and there were several attendants. The wedding trip was to the Catskills. They will

ed and bright, and was very popular here. She is a niece of Mr. John J. Dorian, and made her home with him for several years.

### U. D. C. MEETING.

The Paducah chapter of the United Daughters of the Confederacy met with Miss Elizabeth Sinnott of North Ninth street on Tuesday morning, June 3, the birthday of Jefferson Davis. The day, however, was not observed by any especial ceremonies. The Chapter arranged to send their usual contributions of flowers for decorating the Confederate graves at Camp Chase, Ohio. This work was done for some time alone by a Union soldier. No other business of especial importance was transacted. This is the final meeting until fall.

### D. A. R. MEETING.

The George Rogers Clark chapter of Daughters of the American Revolution met with Mrs. Sallie Morrow of Jefferson street on Tuesday afternoon. It was the last regular and business meeting of the chapter until fall, and was an especially informal and pleasant occasion. There was no business of importance transacted, and no papers were read. The hostess served delightful refreshments. The chapter will be entertained socially by Mrs. David O. Murrell on July 2.

### MARRIED LADIES'

#### EUCHRE CLUB.

Mrs. Pat Lally entertained the Married Ladies' Euchre club most pleasantly on Tuesday afternoon. The prize for the highest number of points and the lone hand prize were both won by Mrs. Frank Ellinger. An attractive luncheon was served after the game. Those present were: Mesdames H. G. #### DAILY THOUGHT.

"We never remain stationary. We  
are always improving or retrograding  
—going up or down in the moral and  
the intellectual scale."

#### THE WEATHER.

Showers and thunder storms to-  
night, with cooler in the west portion.  
Sunday fair and cooler.

The report of the city attorney nu  
the assistant city clerk matter is in  
keeping with his other decisions. He  
is "not quite certain." If he isn't,  
there are a lot of good lawyers in Pa-  
ducah who are, and they say positive-  
ly that the city clerk cannot have an  
assistant, except at the clerk's own ex-  
pense. The council has no more right  
to give the city clerk authority to  
employ an assistant at the expense of  
the city than it had to give the  
mayor, city physician, city attorney,  
or any other officer that right. An  
official's duties may be increased or  
decreased, but his salary cannot be  
changed during the term for which he  
is elected. The action of the council  
in authorizing the clerk to employ an  
assistant is merely an evasion of a law  
that is plain to everybody, except pos-  
sibly the city attorney, and a very  
palpable evasion. It is a wonder that  
some of those remarkable, ever vigi-  
lant watchdogs of the people's inter-  
ests in Paducah haven't had some-  
thing to say on this subject. The  
street car company, the public pri-  
e: and the councilmen themselves  
and others have come in for their  
share of abuse for "trampling on  
the rights of the people," but this  
city clerk affair has apparently for  
some reason escaped notice.

General Miles may have had great  
deat to contend with in his career as  
an army officer, but the war depart-  
ment has had a great deal to contend  
with from him. He is a disorganizer  
and is always causing trouble  
where there is any possible chance to  
do it. The latest predicament in  
which he finds himself is that of being  
accused of having betrayed official  
secrets by placing in Senator Calber-  
son's hands papers relative to the  
Philippine campaign. If he did this  
he could have had but one object, to  
embarrass the administration and tend  
to reflect on its Philippine policy and  
the manner in which it has been car-  
ried out. He has never been in sym-  
pathy with the plans of his superior  
officers, President Roosevelt and Sec-  
retary Root and Adjutant General  
Corbin, and has vented his petty spite  
principally by causing trouble in the  
war department. It seems that wheth-  
er General Miles has done anything to  
deserve retirement or not, it would be  
the best thing for the country and the  
administration to retire him.

The loud explosion heard near  
Fourth and Broadway this morning  
was not another eruption of Mt. Pelee,  
nor anything at all serious. It was  
only the political editor of our Fourth  
street contemporary blowing up when  
he read the following editorial in the  
Louisville Times, Kentucky's foremost  
Democratic paper: "Booker Washing-  
ton received from all kinds and classes  
of Louisville people a welcome more  
heartily, sincere and enthusiastic than  
was accorded to either of our late vis-  
itors, General Schley, hero of the  
Princes

in this neck o' the woods. And that  
is the lesson this ex-slave is striving  
so earnestly and nobly—also, hope-  
fully—to impress on his race in  
America."

A Hopkinsville judge evidently  
thinks that a man's capacity to con-  
trol himself when angry passions rise  
should figure in any fine assessed  
against him. A citizen went home  
there the other day, kicked over the  
breakfast table, broke the dishes, de-  
molished the stove and splintered the  
furniture with an ax, and offered as an  
excuse the fact that when he got mad  
he "didn't have a bit of sense." The  
court, owing to the prisoner's mis-  
fortune in this connection, let him off  
with a fine of 1 cent and costs. Some  
domestic leonoclast ought to try a  
thing like that in Paducah!

General Maximo Gomez is quoted  
as having expressed an unwillingness  
to accept a pension from Cuba, but  
he significantly adds that he has a  
bill for war services that will have  
to be paid some time. It is difficult  
to determine what Cuba owes him  
anything for. He is supposed to have  
fought because he was a patriot. He  
didn't free Cuba. The United States  
did that, and at a big expense of life  
and money.

The same crowd and its official or-  
gan, that have appolluted so many post-  
masters and won so many political  
battles in Paducah are now trying to  
save the scalp of a member of the de-  
lectable "better element," but he will  
go just as all the others went. They  
get licked every time they bob their  
heads up, and every time they raise a  
howl it is a sure sign another scalp has  
been taken.

#### LIQUOR DEALERS

Preparations for an Important Meet-  
ing at Pittsburg Next Week.

Probability That Two Large Organi-  
zations Will Shortly Be Merged.

There is something doing in whole-  
sale liquor circles, and a big meeting  
of wholesale distillers is to be held in  
Pittsburg on June 10. Among the  
Kentucky distillers who will attend  
are: Messrs. Joseph L. Friedman,  
Paducah, Samuel Grabfelder, Charles  
E. Chase, M. E. Taylor, Morris  
Sachs, I. W. Berabim and T. M. Gil-  
more of Louisville; Henry Edelea and  
Tom Moore, of Bardtown, and R.  
N. Wathen, of Lebanon.

It is probable that the National Pro-  
tective Association—an organization  
recently revived by the distillers and  
wholesale liquor dealers of Kentucky  
—will be merged with the National  
Wholesale Liquor Dealers' Association.  
The National Protective Association  
was organized to combat the Prohibi-  
tion movement throughout the United  
States and to exert an influence in fa-  
vor of legislation, favorable to the  
liquor traffic. The plan was to do  
this work through a national bureau,  
to be established in one of the larger  
cities of the country. Kentucky dis-  
tillers and wholesalers went into the  
organization with great enthusiasm,  
and it is said that they raised several  
thousand dollars for the general fund.  
However, when Mr. T. M. Gilmore,  
the organizer of the association, went  
to Cincinnati and other cities to in-  
terest the distillers and wholesale de-  
alers objection was raised on account of  
the similarity of the Protective Asso-  
ciation and the Wholesale Liquor De-  
alers' Association. All contended  
that the objects of the two organiza-  
tions were practically identical, and  
that more good could be accomplished  
by a union of the forces. As a conse-  
quence, committees representing the  
Louisville liquor interests and a com-  
mittee of the Cincinnati liquor trade  
were appointed to submit the proposed  
merger to all branches of the liquor  
trade.

Arrangements are now being made  
for the trip of the Kentucky distillers  
to Pittsburg, where representatives of  
all branches of the liquor trade will  
form a national organization to exert  
an influence in national politics in the  
interest of the liquor trade. The  
prime objects of the meeting are to de-  
vise ways and means to bring about a  
reduction of the tax on whiskey and  
to have the ontage bill passed by con-  
gress.

Army Above the Navy.  
It is not yet decided who shall head  
the commission which may possibly  
be sent to Europe in behalf of the St.

#### FUN TRAVELING WITH A RINGER

He Made a Heap of Money Out of  
Homely But Speedy Nag.

"I was up to a thing or two before  
I became a living example of integrity  
to my fellow man," said the old ex-  
port, as he gathered a knot of lis-  
teners about him. "and one of those  
things was horse racing. After leaving  
met with ill luck for two or three  
seasons I went in with a friend and  
bought a fairly good trotter. He was  
so good that he could hit 2:22 when  
pushed a little, and the fun of it was  
that he was as homely as a camel.

"There wasn't one man in a hun-  
dred who took him for a mover, and  
that was one of our strong points. We  
took him west and got up races in  
the small towns and many a time he  
won us \$500 without showing better  
than a 2:30 clip. While I acted as  
driver my partner got up the side bets,  
and we left a trail of victims behind  
us. We had about \$10,000 to the good  
at the end of six months, and then  
opened a new season out in a Kansas  
town. Four or five good horses were  
owned there, and it didn't take much  
bluffing to get up a match. When the  
fellow came to look our nag over they  
offered odds of 10 to 1 against him,  
and before the bell rang we had our  
last dollar up.

"It saddens me to recollect that in-  
cident," continued the ex-sport mourn-  
fully, according to the Detroit Free  
Press. "I was grieved and hooted as I  
drove in on the track, and bets were  
offered that I couldn't make better  
than three minutes. There were four  
horses in the bunch and we got away  
together. Half way around, without  
doing better than 2:20, I was six  
lengths ahead and still gaining. Then,  
of a sudden, the old horse stopped,  
reared up and came down to tumble  
over dead. Just what ailed him I never  
found out, but he lost us over \$12,-  
000, and the official time of the winner  
was 2:34. There was no use to con-  
sole us. The only one who tried it  
was a cowboy, who said:  
"When I saw your jackass in dis-  
guise I thought you had a trick up  
your sleeve and bet \$10 on him, and  
if you ain't totally cleaned out you  
may roll up an 'X' and put it into

The Inverness of the Ayer and Lord fleet, is due today from Tennessee river with a tow of ties.

The Jacob Heatherington passed up from the lower Mississippi yesterday afternoon with a tow of empties for the upper Ohio.

There is no water course in this or any other country where a man can ride as far for as little money as he can on a big steamboat on the Ohio river.

The John S. Summers passed out of the Cumberland river this morning with a tow of ties, spar and miscellaneous products of the mining districts.

A deal was completed late Tuesday whereby the Monongahela River Consolidated Coal and Coke company secured Captain T. J. Hall's freight barge business, consisting of twelve model barges. It is said the price paid was about \$30,000. The several small towboats owned by Hall were not included in the deal.

In St. Louis the merchants and manufacturers are moving to establish a line of boats to the gulf, to be managed by business men and operated solely in the interests of that city. It is figured that for \$350,000 three modern boats can be built and equipped that will afford the benefits of regular service and uniform, low freight rates. St. Louis business men are taking kindly to the proposition.

Pilot George Mosselman, late of the towboat Harry Brown, has received papers from the officials at Harbor 25, at St. Louis, exonerating him of the charge recently made against him of cutting prices for his services. The committee that investigated the matter found that Mr. Mosselman had a contract with the Pittsburg coal combine, and that under it he was compelled to occupy the wheel of which complaint was made; therefore the charges fell flat. Mr. Mosselman is the acknowledged champion towboat pilot over the track from Louisville to St. Louis and his services are always in demand.

## WITH THE THEATERS.

Monday, Tuesday and Wednesday night of next week Mr. English has decided to admit any lady accompanied by one paid ticket, free to each performance, in order to show what a cool and comfortable place The Kentucky is. Everybody knows that the English Stock Co. is the best company ever organized for summer work, but a great many don't know how pretty and cool the theater is. This offer applies to all ladies, that is, two ladies can attend on one paid ticket, if purchased before 8 o'clock at night.

Monday night a fine drama, different from any heretofore presented by the park company, entitled "A Dashing Widow," will be the attraction. This is a drama of English high society life, has a full quota of touching pathos and human sentiment, with a strong line of comedy. The plot, situation, climaxes and scenes are especially good, and much latitude is afforded the company for display of individual excellence. There will be new vaudeville features by new artists, but Baby Garna having taken so well with the people will be retained on the bill, giving an entirely new, different and original specialty.

"Douglass," or "The Temple of Justice," the English Stock Co.'s next bill, is a powerful play of intense human interest dealing with the lives of Mr. and Mrs. Douglass and their child Phillis. The play is laid in one of the most picturesque spots of America, the "Garden of the Gods," Colorado, overlooking Pike's Peak. The characters in the play are all living, breathing human beings. The play will be doubly interesting from the fact that it is from the pen of Mr. James, leading man and director of the English Stock Co. Judging by his authorship of "A Royal Prisoner" he must have surpassed himself in

"Douglass" and we have reason to believe "Douglass" is a play of high order. Mr. James will play the title role of Douglass, who is an atheist, but of pure and noble nature, but in the later acts when he thinks he has been duped his anger surprises all. Never once does Mr. James have "Douglass" discuss religion but it is the action of the story that makes it plain. The play while it teaches a powerful moral sermon is never sectarian. Mr. English extends a cordial invitation to all ministers to attend as his guest.

The English Stock company played "The Iron Master" to another good crowd last night at The Kentucky. The performance was an improvement over the one of the preceding night, and the audience greatly enjoyed it. Miss Alma Hays sang two new songs, "Not Very Long Ago" and "Goodnight, Beloved, Goodnight." As usual she received an encore.

## POLICE COURT.

THE BULGER-GAINOR CASE PARTIALLY HEARD AND LEFT OPEN TODAY.

John Bulger, who is charged by John Gainor with stealing a pistol at Mobley's saloon, at Third and Broad, was arrested last night, and with him Will Husbands of the county. The stolen pistol was found on Husbands. A charge of grand larceny was preferred against all three, and the evidence was partially heard, and the case left open until Monday.

The Whitesides cases are all set for Monday morning. Dona Jones was fined \$10 and costs for a breach of the peace. Sam Wittingham was fined \$1 and costs for being drunk. A breach of the peace case against Alabama Kid, alias Jim Taylor, was left open and he was recognized. The woman was fined several days ago.

See James' column for farm loan terms.

## TRUST COMPANIES AS EXECUTORS.

The Globe Bank and Trust Co. will have a paid in capital of \$150,000, invested in good securities, for the faithful custody and management of the property entrusted to it.

Every Trust company in the state is under the jurisdiction of the secretary of state, and a quarterly report is required by law to be made to him, and published.

When it comes to making investments for estates held in trust, trust companies have a reputation for skill and fidelity which a careful company of good standing guards as carefully as it does its capital. The Globe Bank and Trust company has a committee, composed of three of its best business men, to whom all matters relating to trust estates are referred when advice and consultation is necessary.

Therefore a trust company is absolutely reliable and responsible—better than an individual.

The Globe Bank and Trust company besides doing a trust company business does a general banking business and pays interest on deposits. Office 306 Broadway.
